EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey Berkowitz on 9/21/2006.

Claims 16 and 18 have been amended.

The new claim 16 recites:

The computer program product of claim 1, wherein the user prompt is generated before the navigation event is completed, the computer program product further comprising instructions to perform the navigation event after the action is completed.

The new claim 18 recites:

A system generating a data loss prevention prompt, the system comprising:
a client device executing a client agent, said client agent including:

a data manager module configured to detect a difference between a client data state and a base data state;

a detection module configured to detect a navigation event without transmitting data to and from a server; and

a generation module configured to generate a user prompt in response to the navigation event and the difference, said client device displaying said user prompt.
